

NEW! Hilltip IceStriker™

120-200 liter 12V electric spreader for pickups, tractors, loaders etc.

The new Hilltip IceStriker™ 120 and 200 L spreader can spread all types of spreading material, bulk, bag, sand and gravel. Polymer hopper and mounted parts in stainless steel give you effective protection against rust and corrosion.

The spreader is operated wirelessly (Bluetooth) through the next generation control system: HillTip StrikeSmart™ App.

Spreader characteristics:

- Independent controlled dual motors for the auger and spinner.
- Included smartphone with Hilltip StrikeSmart™ app installed.
- Storage transport wheels
- Mounting solutions for a variety of vehicles and machines.

HTrack™ tracking system

Track and manage all of your spreading devices and snowplows online on your computer, tablet or smartphone. The program shows treatment route on map, and spreading details like speed, GPS location, material used etc. The spreading data can be summarized and generated as PDF reports.

The optional HTrack™ program transfers spreading data via 3G connection

Optional accessories:

- Vibrator (for wet salt, gravel, salt and sand mix).
- Rear lights LED & License plate kit.
- LED work light.

Mount types:

- Tow hitch mount, bolted or J-type.
- EU tow/tailgate hitch.
- Swing away mount, bolted.
- 3-point hitch, Cat I/II.
- Wheelloader / Fork lift 1" Pin hitch, adjustable. Height adjustment.
